

Senior Consultant/Manager (m/f) Enterprise Agility

Information Services Group (ISG) is a leading technology insights, market intelligence and advisory services company, serving more than 500 clients around the world to help them achieve operational excellence. ISG supports private and public sector organizations to transform and optimize their operational environments through research, benchmarking, consulting and managed services, with a focus on information technology, business process transformation, program management services and enterprise resource planning. With more than 1,400 employees worldwide, we operate in 21 countries. **Intelligent Company. Individual Career. Inspiring Team.**

Our Offer:

- Operate in a fast changing, innovative and high performing digital environment
- Lead interesting transformation projects or project workstreams with DAX30 clients and lead them through their journey to enterprise agility
- Be part of an experienced advisory team and network of external partners – a highly collaborative environment of the who's who in the industry

Your Task:

- Understand the latest market trends and consult our clients on positioning themselves to be ahead of the game
- Work with client stakeholders on executive level to define operating models that shape the joint future role of business and IT to create business value
- Develop and implement hands-on strategies and roadmaps that enable our client's journey to enterprise agility across the following dimensions:
 - Product-aligned delivery teams
 - Multi-speed delivery models & methods (e.g. Scrum)
 - Agile planning and enablement
 - Evolutionary architecture
 - Continuous delivery platforms
 - Partner ecosystem and sourcing
 - Culture change
- Be the trusted digital advisor for our clients. Lead them through their complex transformations, as solution architect, strategy consultant, organization designer, sourcing expert, program manager or change agent

Your Qualification & Skills:

- BA or Master's Degree in IT or Business Administration
- Minimum 5 years experience in IT transformation consulting or operational delivery
- Experience in managing digital projects or in structuring agile organizations and operations
- Ability to learn quickly, be a team player, apply structured thinking and presentation skills
- Be a self-starter and develop innovative solutions and new intellectual property
- Verbal and written fluency in both German and English
- Willingness to travel

If you are interested in this challenging career opportunity with ISG, we look forward to receiving your application, including your earliest start date and salary expectation to germanycareers@isg-one.com.
